Our World

THE BIG IDEA

Our world is where we live - our home, our family, our school. It is the places that we go, the people that we meet, the things that we can see, smell, hear, taste and touch. Our world is important, because we share it with lots of other living things. We need to treat our world with respect - to ensure that it is well looked after - so that every person, animal and plant can live healthily and enjoy it.
