

## Art

Aim: To be able to suggest ways of improving our own work.

With a toy of your choice, create a poster to advertise it. You must include a description, a set of instructions and some fun facts that make it appealing to other children.

*Complete  
two International and two  
Personal Learning activities*

## Technology

Aim: to be able to use simple tools and materials to make products.

Find and cut out, any pictures of toys, that you can find in old newspapers or magazines. Use your clippings, to create a collage of toys. Be creative, and make it stand out!

## International

Aim: to identify cultures different from, but equal to, our own

Research, traditional toys or games from your home, host or adoptive country.

## Personal learning

### Respect:

Consider, what can you do with all of those old toys that you no longer play with. Find out about local charities.

### Communication:

Create a short video / storyboard / set of photographs, that show you playing your favourite game. You will be asked to explain the game in class, and talk us through your recorded work.

## History

Aim: to identify differences between their own lives and the people who lived in the past

Compare one of your favourite toys, with one that your parents/grand parents' might have had. What is different about the two toys?
